Dear Harold,

Only the enormous confusion and time pressaure connected with bring ing to completion my book was the cause of my not getting back in touch with you promptly.

I was truly grateful to receive the material, and so promptly , too.

I enclose a check for $10. Please give the difference to the student.

More than once I have been tempted to call you in the past month, but I have held back calling anyone---and in fact have left my phone disconnected---so that I can spend every minute I have writing , revising, and doing the multitude of things that need doing.

Sorry for the delay.

Sincerely,

David Lifton
